12TH-13TH OCTOBER 2011

MEMBERS

- MOHSW
- CSSC
- BAKWATA
- APHTA
- GIZ
- DANIDA
- USAID
- CIDA
- NIMR
- TPHA

HSSP-III STRATEGY SIX

Public Private Partnership

Nine meetings conducted in 2011

Collaborating with other group by individual members participating in other TWGs eg. District and Region group, Human Resource and Health Financing groups

However, collaboration and coordination between TWGs has not been realised.

HSSP III STRATEGY SIX

Public Private Partnerships as one of the eleven strategies to be implemented under HSSP III (Strategy 6).

Three strategic priorities within PPP Strategy

- To ensure a conducive policy and legal environment to facilitate PPP operations
- To ensure effective management and operational framework for PPP development
- 3To enhance PPPs in the provision of health and social welfare services

PUBLIC PRIVATE PARTNERSHIP TWG SUPPORT TO STRATEGIC OBJECTIVE 1

***To ensure conducive policy and legal environment
to facilitate PPPs***

- Draft Health Sector PPP Policy Guidelines drafted with PPP TWG involvement
- Draft PPP Policy Guidelines aligned to National PPP Policy, PPP Act and the PPP Regulations
- PPP Office established and supported by development partners

PPP TWG SUPPORT TO STRATEGIC OBJECTIVE 2

To ensure effective management and operational framework for PPP

- Review of SA implementation was conducted wherein successes and challenges were identified.
- Health Sector PPP Strategic Plan
- Nine monthly national level PPP TWG meetings held
- Existence of PPP Forums in few regions
- Draft PPP Orientation Manual was developed

PPP TWG SUPPORT TO STRATEGIC OBJECTIVE 3

To enhance PPP in the provision of health and social welfare services

- Participation in the revision of CCHP Guidelines
- Draft ToR for NPPGCC was prepared
- 4Regions and 12 councils were sensitized on the importance of Service Agreements and PPP in general including the establishment of PPP forum
- 17 Councils signing Service Agreement with private facilities to provide public health services
- Government pays staff grants of DDH and VA staff
- Draft PPP Tracking Framework prepared
- Private Health Sector Assessment started

CHALLENGES AND CONSTRAINTS

- Relevant reference policy and legal documents (national level) released intermittently and kept being revised during the entire year.
- PPP Tracking Framework dependent upon implementation of PHSA which was delayed.
- Inadequate PPP mindset among key stakeholders.
- Costing of health services and source of fund for implementing Service Agreement

WAY FORWARD:

- Develop PPP Implementation Strategy in line with the revised PPP Policy Guidelines.
- Promote PPP Forums in health sector at all levels and in particular at LGA level.
- Support councils in mainstreaming PPP in comprehensive council health planning process.
- Finalize ToR for National PPP Coordinating Committee
- Integrate PPP indicators in HMIS tool
- Implement PHSA and improve draft PPP tracking framework

ASANTENI KWA KUSIKILIZA
