

HUMAN RESOURCES FOR HEALTH

Last week the MOHCDGEC Director of Human Resources Development communicated the next GOT HRH TWG Meeting will be held in Dodoma. We are yet to know the date and modality of participation given the SWAp Calendar.

The last TWG we participated was on May 17th 2018 in Dar and among key agenda items discussed were the allocation of 6,180 HCWs using the simplified WISN and POA with support from USAID Public Sector Systems Strengthening project, the MOH request for support on HRH Strategic Plan Final evaluation (TOR was to be shared thereafter) and we reviewed the HRH Plan of Action for 2018/19.

The next DPH HRH TWG is planned end of this September hosted by USAID (Date to be communicated). We are still encouraging to update the list of members that are joining this TWG from agencies.
