Honourable

Minister for Health and Social Welfare
of the United Republic of Tanzania
Dar es Salaam

Excellency,

In the name of the Development Partners working in the health sector in Tanzania, I wish to express our compliments on your appointment as Minister for Health and Social Welfare of the United Republic of Tanzania. You are overtaking an office with particular challenges and we wish you all the best in facing those successfully.

We do acknowledge the progresses made in Tanzania's health sector, e. g. the reduction of under-5 mortality. At the same time many issues remain that require enhanced efforts to meet the desired goals. I would like to take the opportunity to reaffirm our commitment and long standing cooperation with your Ministry towards jointly improving public health in Tanzania and meeting the Millennium Development Goals.

On behalf of the DPG Health Troika and their Ambassadors (Netherlands/ outgoing, Denmark/incoming and Germany/current lead), we would like to discuss with you the current status of development cooperation in the health sector and our support to the Health Sector Strategy Plan III. Your proposal for an appointment will be highly appreciated.

We are looking forward to a continuous good cooperation.

Sincerely,
